

## 10 Java Collections

- 1.8** Consult the documentation for your Java development environment for the list of predefined classes (or consult the on-line documentation at [java.sun.com/products/jdk/1.3/docs/api/index.html](http://java.sun.com/products/jdk/1.3/docs/api/index.html)). Consider some of the classes provided from the point of view of abstract data types, and determine the list of operations provided for each class.
